

Dear Employer,

What's green and healthy and tax free?

The national Cyclescheme in association with TSW Cycles of Woodborough, Nottingham!

TSW Cycles have teamed up with the Cyclescheme to offer employees the opportunity to purchase tax free bikes and equipment through a salary sacrifice scheme at their work place. The scheme is not just an incentive for a healthy lifestyle but also offers financial benefits for both the employee and employer.

These include:

- easily affordable payments for employees
- healthier workforce
- savings on VAT, income tax and national insurance
- reducing overall carbon footprint

Here at TSW Cycles we can provide all the information you need and make the process simple. We will help your employees choose the right cycle and safety equipment for them.

Nottinghamshire Constabulary have already joined us and are enjoying the benefits of the Cyclescheme, so don't hesitate contact us today.
