

**Use a decent lock  
and there's a better  
chance that your  
bike will stay  
where you left it.**

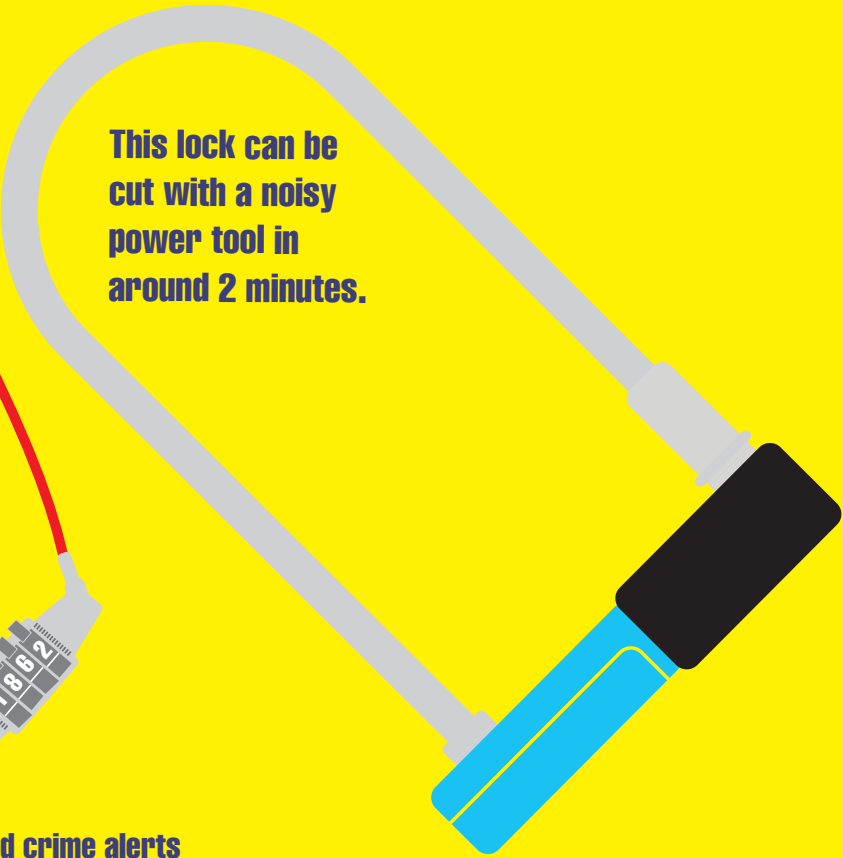

For more advice on what, where and how to lock your bike,  
visit [www.thebigwheel.org.uk/secureyourbike](http://www.thebigwheel.org.uk/secureyourbike)

**This lock can be cut with quiet, discreet cutters in around 2 seconds.**

**This lock can be cut with a noisy power tool in around 2 minutes.**
